RECOGNIZING LIFEPLUS 9 QUALITIES FOR LIFE

Teaching students about the LifePlus 9 Qualities for Life is an integral part of the character education and development program at YHIS. Each month, YHIS teaches about a single characteristic, and we award students from all grade levels who have demonstrated that characteristic the most. Teachers observe the students throughout the month and nominate winners. For the month of September, our focus was on "Connection". We would like to congratulate and recognize the following students leading with connection among their peers!

The students valued people, built and maintained healthy relationships with others, and invested in communication in both the classroom and school community. We are proud of these students!
